Africology is the leading natural, eco-friendly and holistic Spa and Skincare Company in Africa, and its success spans across international borders reaching as far as the USA, Europe and Britain.

Therapeutic in its approach, Africology only uses all-natural ingredients that are bio-identical to the body's physiology; effectively enhancing the integrity of your skin whilst simultaneously preventing premature aging.

All Africology product formulations and spa treatments are inspired by the wisdom of Africa's traditional healers and each is a celebration of Africa's vibrant heritage, communities and plant life. Our products contain no artificial fragrances.

Only naturally pure plant essential oils are utilised as we strongly believe that the benefits of their complex and powerful elements provided by Mother Nature herself – cannot be replicated in a laboratory.

Body Treatments

ILLUMINATING BODY GLOW (60mins) \$160

The African Elephant is known to “sandblast” its body with its trunk and roll about in the mud. Inspired by this daily routine, we have created a full body scrub with a luxuriant blend of walnut and marula shell powder - providing a gentle, chemical-free exfoliator - followed by the application of your choice of an African potato, rooibos & lavender or slimming detox mud wrap.

Relax and indulge in a scalp massage whilst the mud wrap does its magic. Reawaken body, mind and soul with an invigorating shower, washing away dead skin cells and toxins.

Luxurious, hydrating, and repairing; our cocoa butter, shea and canola oil body butter is the perfect finish, promoting cell regeneration and blood circulation – leaving skin rejuvenated, soft and supple.
